

WHAT IS A PAJAMA ANGEL?

An Angel is a divine being that acts as a messenger of a higher spirit. A Pajama Angel is an everyday being, hoping to make a difference for others on earth.

PAJAMA ANGELS
UNITED WE CURE

Pajama Angels were co-founded by two sisters, Judy and Darlene, who lost their sister Maggie to breast cancer complications in 2002.

She was 41 and left behind a loving family and a close circle of friends. The depths by which Maggie is missed, are immeasurable, the ways in which she can be remembered are endless through our efforts to help others.

SIGNATURE PROGRAM

WING POWER FUND

"You guys are a truly amazing group of people. I have been personally helped by you guys and am beyond thankful. You have eased so many stresses in my battle with cancer with your kindness. Receiving your help had me in tears feeling beyond thankful and blessed. Thank you guys so much for everything you do in the community and for people battling like me.

You accomplish amazing things for people who feel like everyone has forgotten them or are struggling and feel there is no help and you brighten their days and show them people care and there is help. I know once I beat this cancer and am fully on my feet I plan on giving back to your cause and even encourage everyone to look into helping your cause to help. "
